

PREPARATION FOR AQ - NATURE RESIST GEAR

Mandatory nature resist gear to have before AQ raiding begins!

We are still not sure how much nature resist gear us mages need, but I rather be ready than sorry
Therefor have I made a list below of the gear we all need to have with us before AQ raiding starts!

Don't feel overwhelmed by the fact that you have to farm a lot of gear in a lot of different places,
that is not the case! Half of the nature resist gear comes from Maraudan and that is doable with
a fellow mage.

Remember that it is p5 so there are some good enchants for NR as well - Dertuy will gladly help!

With enchants we will even get more NR!

I would recommend that we aim for around 100 NR and how you get it is fully up to you :-)
